

"OPEN SHOP" MOVEMENT WAS FAILURE

GOMPERS PREDICTS YEAR OF PROGRESS FOR LABOR UNIONS

In An Address at Denver Urges World Disarmament—Also Predicts 5,000,000 Members Before the Next Snow Falls—Advocates America First for Labor Members

(By The Associated Press)

DENVER, Colo., June 13.—Declarations by President Samuel Gompers and members of the executive council that enemies and advocates of the "open shop" had failed in the alleged drive to crush organized labor marked the opening today of the forty-first annual convention of the American Federation of Labor—the largest gathering in the history of the union labor movement.

Ranks of the trades unions held intact, speakers declared a year of progress was predicted for 1921 by President Gompers, who said that "before the next snow falls we shall have passed the 5,000,000 mark in the American Federation of Labor." He urged closer alliance and co-operation between organized industrial workers and farmers "in order that we shall not be crushed by the reaction of industrial capitalists or princes of finance."

The first official action of the convention was to adopt a resolution to be submitted to congress protesting against the Scott bill now pending, which it was alleged would increase the length of the navigation season on the great lakes, reduce the number of skilled seamen employed on ships and increase the hours of labor.

This action was proposed by delegates of the International Seamen's Union who declared the bill would eliminate provisions in the seamen's act and would increase the dangers incident to navigation.

The convention unanimously adopted a declaration of the executive council calling upon all local and international unions to aid the Pueblo flood sufferers. The plate printers union of Washington, D. C. and the Brotherhood of Railway Clerks, it was announced each contributed \$500.

Urging wide disarmament in his opening address, President Gompers said:

"I believe the time will come and we have earnestly striven and we will continue to strive for the time when there shall be total disarmament in all countries and that disarmament will be based upon universal agreement."

He made an emphatic appeal to the workers to unite in opposition to the movement designed to create a department of public welfare.

"Under the pretense of trying to create a department of public welfare it is seriously proposed to destroy the department of labor and the department of agriculture," he said. "These are the only two departments of the government that represent producers of the wealth of our country."

The president urged the delegates to discuss questions confronting the convention with "moderation, with interest, with intelligence, with intense feeling always driving at the just point."

"While we love every human being," he added, "no matter where he may have been born or where he now resides and will help as best we can, there is one principle from which I feel we cannot depart—America first."

Report Covers Many Issues.

The report of the executive council covered important issues confronting organized labor—the open shop, wage reduction, Irish question, relations with foreign trade union movements, anti-labor legislation, immigration, high cost of living, railroad situation and other major problems. This report was referred to committees. "The coming year must be a year of progress," said the document. "The blight of reactionary effort has bitten as deeply as possible. It has been checked. Our movement everywhere must now rally to a militant of force against the powers that have sought our ruin."

While the annual report of Secretary Morrison showed the membership to be 3,906,528 as compared with 4,078,740 in 1920, it was stated that the ranks of organized labor had increased as this report did not include thousands of members involved in strikes or lockouts or unemployed.

The secretary's report showed that there had been 1,635 strikes during the year involving 191,934 members, costing \$8,462,174. The federation defense fund showed a balance of \$161,217.

COMMITTEE NOT ABLE TO DECIDE HOW FAR TO GO

Unable to Agree How Far to Enter Into Newberry Campaign

(By The Associated Press)

WASHINGTON, June 13.—Henry Ford's contest for the seat of Senator Newberry, Republican of Michigan, threw the senate committee hearing today into a division as to how far the inquiry should go into charges connected with the financing of the 1918 campaign. Lyman D. Smith, a New York broker testified to having forwarded in behalf of himself and others for the Michigan campaign and stated that nearly all the banking people "I knew in New York" had possibly done the same thing.

Alfred Lucking, Ford counsel, demanded the right to check Mr. Smith's bank account and the witness agreed but Chairman Spencer said the committee would take the statement under advisement.

It is apparent we are not going to be allowed to investigate bank accounts in running down these charges, Senator Walcott protested.

"We shall not subject any bank to investigation unless we have so decided in conference," Chairman Spencer replied.

Senator Walcott pushed the witness for details of the New York contribution. Mr. Smith said he didn't want to repeat gossip but that "officials of the American Exchange National Bank were anxious to see Newberry nominated," and that the Chatham and Phoenix "might have" sent money.

Frederick C. Brooks, another New Yorker, explained that he had sent \$2,500 thru Smith to the Newberry campaign. "Doing for Truman just what I think he would do in a similar position for me."

W. C. Hurst, General Motors company organizer, and Andrew H. Green, Jr., vice president of the Solvay Process company also were examined as was Fred P. Smith business agent of the Newberry estate. Dr. Durant said he gave \$5,000 and Mr. Green explained his reason for paying Newberry campaign debts to the extent of "between \$12,000 and \$15,000" by saying that the Democratic candidate (Ford) "I didn't consider fit to represent the state."

Mr. Smith told of checking out \$120,000 from funds of John S. Newberry to the campaign committee and receiving back a bag with \$20,000 or \$21,000 in it.

"I understood this was adjustment for the contributions received," he explained.

Mr. Lucking demanded the cancelled checks and records but Mr. Smith said that when he started to look for them Saturday, "we found the vault unlocked and all the records gone."

Mr. Lucking drew from the witness an explanation that the Newberry family accounts were all under his charge and that money had been drawn from all of them to pay into John S. Newberry's account "when it was overdrawn by campaign demands."

The investigation adjourned tonight until Wednesday.

DEFENDANT BREAKS DOWN IN COURT

Mrs. Cora Orthwein Collapses When She Sees Overcoat Worn by Man She Is Accused of Killing.

Chicago, June 13.—Mrs. Cora Isabelle Orthwein broke down today in the midst of her trial on a charge of murder when confronted with the overcoat Herbert Zeigler wore when she shot him in her apartment several months ago. The trial had to be halted several minutes while the defendant recovered her composure.

After the prosecution had declared it would prove that Zeigler was shot in the back and while sitting down, witnesses told of Mrs. Orthwein's actions after the tragedy and quoted her as saying "he ought to be dead for trifling."

Mrs. Orthwein said she shot Zeigler in self defense. "I should judge that it would have been impossible to have fired the bullet from any other position than from behind," testified Dr. Joseph Springer, coroner's physician.

Governor Small Answers Devine

SPRINGFIELD, Ill., June 13.—Governor Small tonight answered Representative Devine leader in the house on the question of appropriations declaring that the Democratic leader misquoted him by saying the governor said the legislature was running wild on appropriations.

The reply to Representative Devine was also incorporated in a long message which the governor sent to the house in which he said \$8,000,000 was the limit which the taxpayers could stand on the state school fund.

Replying to Representative Devine's request for suggestions on appropriations the governor said the best thing to do was to co-operate with the Republican side of the house.

Representative Devine waited until the message was read by the clerk then charged the governor with having interfered with the legislature on the matter of appropriations ever since the session began.

"He objected to certain members being placed on the appropriation committee," the

ILLINOIS STATE MEDICAL SOCIETY OPPOSES MEASURE

Send Telegram Asking Small Not to Sign Wine, Beer and Malt Bill

(By The Associated Press)

CHICAGO, June 13.—A telegram on behalf of the Illinois State Medical society and the Illinois Homeopathic Society protesting against the bill recently passed making it unlawful for a physician to prescribe wine, beer or malt alcoholic liquor was sent to Governor Len Small tonight.

"The bill," Dr. Pratt said, "would deprive the medical profession of its hitherto unchallenged right and duty to minister to the human body with remedies determined by long practice, experience and research. This provision leaves undisturbed the more powerful and dangerous whisky, brandy, gin and drugs, such as morphine and cocaine."

Replies to a questionnaire sent to all physicians in the state have been received from more than 8,000 physicians all of whom oppose the bill, according to Dr. H. Preston Pratt, secretary of a legislative committee to fight any legislation tending to curb the liberty of the profession.

"The bill," Dr. Pratt said, "would deprive the medical profession of its hitherto unchallenged right and duty to minister to the human body with remedies determined by long practice, experience and research. This provision leaves undisturbed the more powerful and dangerous whisky, brandy, gin and drugs, such as morphine and cocaine."

FOREMAN SPOKEN OF AS SUCCESSOR TO F. W. GALBRAITH

Chicago Man Being Considered as Commander of Legion

(By The Associated Press)

INDIANAPOLIS, Ind., June 13.—The national executive committee of the American Legion will convene in special session tomorrow morning to choose a successor to F. W. Galbraith, Jr., as national commander. Indications that a sharp contest may develop over the selection of a new chief were marked tonight with the mention of new possibilities as candidates.

Milton J. Foreman, national committee man from Illinois, injured in the automobile accident fatal to Colonel Galbraith is chief among those seriously considered for the office outside of the national vice-commanders.

Mr. Foreman is a prominent Chicago attorney and commanding general of the Illinois National Guard. He was chairman of the first caucus of the legion in Paris, first department commander in Illinois and is now chairman of two important national committees.

Among the national vice-commanders, John G. Emery of Grand Rapids, Mich., is probably one of the most frequently mentioned.

DOWNSIDE TAX RATE IS LIMITED BY LEGISLATURE

Rate for all Purposes Including Special Taxes is \$1.33 1/2

(By The Associated Press)

SPRINGFIELD, Ill., June 13.—The house tonight passed the Juul law amendment limiting downstate cities to a tax rate of \$1.33 1-3, including all special taxes. The bill was passed while officials of downstate cities were preparing to descend upon the legislature to oppose adoption of the measure until it is changed to allow the levying of special taxes beyond the \$1.33 1-3 limit for general purposes. This provision was in the bill originally and the measure passed the house but was recalled and thru the efforts of Representative Lee O'Neil Brown the special taxes were included under the \$1.33 1-3 rate.

Pressure to have the bill amended again to its original form will now be applied to the senate. The bill fixes to Chicago cooperative rate at \$1.85, the Chicago tax at eight cents, the downstate library tax at eighteen cents, the Chicago West Park tax at 55 cents and the South Park tax at thirty cents.

The house also passed the Young bill fixing the school tax at \$2 with the Chicago rate divided to give \$1.92 for educational purposes and eight cents for text books.

HEAD OF BREWERY FIRM SENTENCED

CHICAGO, June 13.—The sentence of Herbert LeBonne, president of the Port Washington Brewing company of Milwaukee, Wisconsin for violation of the prohibition laws was affirmed today by Federal Judges Baker, Page and Aleschur of the circuit court of appeals.

LeBonne was sentenced to ten months in the house of correction on each of seven counts of alleged violations, sentenced in each case to run concurrently and was fined \$2,000 on forty other counts.

OPPOSED TO DANCES AT PARK DURING CHAUTAUQUA

At a meeting of the Jacksonville Ministerial association held Monday morning it was decided to present petitions to the park board asking that there be no public dances at Nichols park during the chautauqua season. Copies of the petition are to be prepared and presented by the various ministers in their respective churches next Sunday. Members of the churches will be asked to sign the petition in sufficient number to carry the desired weight.

Rev. L. L. Abbott, a Sunday school worker, was admitted as a member of the association.

MADAM CURIE IN PHYSICIAN'S CARE

Chicago, June 13.—Evidence of 450 violations of the election laws in the judicial election last week were turned over to Attorney General Brundage today by Col. John V. Chanin assistant district attorney and head of the election investigation committee of the Chicago bar association.

DISCUSS PLANS TO PROVIDE CREDITS FOR AGRICULTURE

Would Provide Elevator and Warehouse Facilities

(By The Associated Press)

WASHINGTON, June 13.—Plans for providing farm credits thru development of grain elevator and warehouse facilities were discussed today at a conference of representatives of agricultural interests with Secretaries Hoover and Wallace. The plan outlined by Mr. Hoover is to provide sufficient storage facilities to enable farmers to ship to markets immediately after the harvest and to obtain credits on their holdings thru warehouse certificates.

Besides representatives of farm organizations those attending the conference included Senators Capper of Kansas, and Kenyon of Iowa.

Details of the credit measures for livestock raisers call for a pool of \$50,000,000 raised and distributed thru private channels instead of the proposal for a like sum of federal funds made available thru the war finance corporation.

Capital From East.

The eastern capital it was said would come from New York, Philadelphia, Boston and other cities. A committee of the eastern bankers will meet with a committee from the western banks in Chicago Wednesday and it is expected arrangements will be completed then for providing the other half of the loan funds.

The \$50,000,000 pool is to be administered from Chicago, according to present plans by way of advances to banks in the stock raising sections or cattle loan companies.

Interest charges to the stockmen would be at current rates with maturities of six months on the paper. While about two years are required for the turnover on the livestock, it was said that the loans would be subject to review and renewal at maturity which would make the paper eligible for rediscount by federal reserve banks.

EXPECT STUBBORN BATTLE IN SHRINE MEETING TUESDAY

Leaders Will Clash on Organization's Hospital Program

(By The Associated Press)

DES MOINES, Iowa, June 13.—When the official business sessions of the Imperial Council of the Ancient Arabic Order, Nobles of the Mystic Shrine begin tomorrow at 10 o'clock, the shrine hospitalization program will be possibly the major question to come before the body. A stubborn battle is expected between past Imperial potentate, W. Freland Kendrick of Philadelphia and Imperial potentate Ellis Lewis Garretson of Tacoma, Washington.

The former favors the erection of a huge central hospital at St. Louis while the latter favors the subsidization of leading hospitals throughout the country with adequacies.

Elections will be the business of the Wednesday sessions it is expected. The chief contest will be for imperial order guard, Earl C. Mills of Des Moines, J. B. Fouché of Chattanooga, Henry W. Egner of Newark, N. J., Thomas J. Houston of Chicago, Dana S. Williams of Lewiston, Maine, Henry A. Pierce of Spokane, William A. French of Newbern, N. C., and Julius Hill of Milwaukee are candidates.

Tomorrow's program includes the grand parade of all uniformed bodies. The marchers will pass in review before the imperial potentate in the Arabic way across the river from the state house.

DEMOCRATS OPPOSE MINGO COUNTY PROBE

Washington, June 13.—Strong Democratic opposition to senate investigation of the recent fighting in the Mingo, West Virginia coal fields developed today in the senate and Senator Johnson's resolution proposing an inquiry went over.

Senator Myers, Democrat, Montana led the fight on the resolution declaring the matter was purely a state one and beyond the jurisdiction of congress.

REPUBLICANS PUT THRU RESOLUTION TERMINATING WAR

House By a Vote of Five to One Adopts the Porter Resolution Terminating the War With the Central Powers—The Democrats Make a Determined Attack on Resolution

(By The Associated Press)

WASHINGTON, June 13.—By a vote of exactly five to one the house tonight passed the Porter resolution to terminate the state of war between the United States and the central powers. As a substitute for the Knox resolution passed by the senate repealing the declaration of war, it was put thru 305 to 61, as a Republican measure with the loss of only one Republican vote—Kelley of Michigan.

Forty nine Democrats joined in the landslide. First throwing out on a point of order a motion to send the resolution back to committee with instructions to report a substitute requesting the president to negotiate with the enemy countries for a treaty of peace, the house voted down 254 to 112, another re-committing proposal relating to disarmament.

There was no debate on the latter motion. The effort of the Democratic leadership to hold the party in line against the resolution failed and the minority crumbled on roll call.

Mr. Kelley, chairman of the house conferees at work on the naval bill with its disarmament amendment made a bitter attack on the resolution declaring congress would live to apologize for its act which he described as making peace with a mere class of the hand after the fashion of professional wretches.

Does Not Protect Rights.

The principal attack was placed by Democrats on the ground that it did not properly protect American rights and that the United States in attempting to negotiate a treaty with Germany and her ally would sit down without being able to demand the rights won by war. Republicans held that all rights were safeguarded.

Representative Garrett, Tenn., acting Democratic leader and Representative Connolly, Democrat, Pennsylvania, made the principal speeches against the resolution all declaring that the chief argument in support of its adoption was that it would pave the way for greater trade with Germany.

Failure of the senate to accept the house substitute will send the whole question to conference. Most of the Republican speakers declared congress ought not to repeal the war declaration itself holding it would be regarded as a repudiation of the war but Democrats reminded them that a Republican house twice had passed a peace resolution with that provision.

**Will Work Out
CERTIFICATE PLAN
FOR FARM CREDIT**

This Will Enable Farmers to Get Credit on Warehouse Crops

(By The Associated Press)

WASHINGTON, June 13.—After a conference with Secretaries Hoover and Wallace today, representatives of grain interests and liability companies began work on a form of storage certificate which safeguarded by insurance would enable farmers to obtain adequate credit on the security of warehoused crops.

The conferees agreed, Mr. Hoover declared, that a warehouse receipt could be drawn in form and under such conditions that it would pass as an order for the delivery of grain greatly increasing the farmers borrowing power and relieving him of the pressure of selling his grain except at his own option. No legislation would be necessary to provide the farmers with this credit instrument, he added, and it was believed that warehouse facilities were sufficient to handle the grain which might be stored under the scheme.

New York state's exemption from taxation of the first \$5000 in the cost of a home has given a marked impetus to home building by people of modest means. 15,279 families having begun building within the three months since the ruling went into force.

Now that Miss Jane Adams guarantees the morality of women's dress and Dr. Woods Hutchinson pronounces it the most healthful ever worn, the reformers may as well call off their crusade against "exposed drumpsticks and wishbones." No amount of talk can make women's styles change until they change by order of the commercial interests concerned.

If the New York Evening Post is in possession of the facts, the Republican National committee still owes \$1,200,000, having been

able to collect only \$200,000 toward making up the \$1,500,000 deficit incurred in the election of the Republican presidential ticket, and is now paying 7 per cent interest on this sum, or \$84,000 a year. The new chairman will address himself to the task of paying off this debt.

The Porter resolution providing for immediate peace with Germany passed the house yesterday. One by one the things are being done in congress which the "experts" told us are necessary to insure prosperous conditions. Let us hope that the satisfactory conditions looked for and hoped for soon appear.

Chamber of Commerce directors yesterday selected officers to serve for the year. A glance at that list gives proof that men with progressive but stable ideas concerning Jacksonville's future have been chosen.

Henry Wallace, secretary of agriculture, believes the Board of Trade plan is the best yet discovered for grain marketing. He says: "I believe that the system of grain exchanges now in existence offers the best method for making prices yet discovered. It must not be forgotten, however, that there is a broad opportunity for unfair manipulation and a consequent depression of prices." Declaring that he did not subscribe to all of the complaints against boards of trade, Secretary Wallace continued: "Until we find a better

method for making prices, nothing should be done to hamper the legitimate methods in use."

George Cohan has announced that he will retire as a theatrical producer and one or two others of the same class have indicated like intentions. The trouble has grown out of failure to agree with the Actors' Equity Society. The producers do not want to recognize this union.

We do not know anything about the union's demands, but the public does know that for some years the producers have had a strange hold on the theatrical business, with the rights of both the actors and the public given secondary consideration.

NO DANGER OF PAYMENT.
The question as to whether the United States should pay the reparations commission for the German shipping seized by this country at the outbreak of the war is to come before that body for determination in the near future. But whatever decision is reached, it can have no binding effect upon this country. The United States has no agreement to abide by what the reparations commission may do, our refusal to become a party to the Versailles treaty having settled that point. Neither is it likely that congress will ever authorize payment to the commission or to anybody else for the German ships captured at the beginning of the war. Practically every one of the allied nations has enriched itself at the expense of Germany through reparations or indemnities, but the United States gets nothing from either source. Why does not the reparations commission assess the value of German cannon and other trophies captured by our forces in the field, now awaiting distribution among the various states, and ask the United States to pay for them? The suggestion is hardly more ridiculous than to seek payment for the former German vessels.

MONDAY BUSY DAY AT ROTARY CAMP
Camp Fire Girls Return From Trip and Boy Scouts Start Camping.

Yesterday was a busy day at the Rotary club cottage on Mercedosia Bay. The two groups of camp fire girls who have had such a jolly week at the camp, returned to Jacksonville. But the cottage was not long empty, for even before the girls had left, two troops of Boy Scouts appeared to take possession of the camp. Jacksonville parents were very generous with their automobiles. H. M. Andre, Carl Hook, Dr. C. E. Black and Mrs. H. M. Capps were among those who took the scouts to Mercedosia yesterday. Two troops went down to spend the week in the club house. Troop 6 of which Franklin Scott is scout master and the Junior Scout Troop of which Roger Carter is assistant scout master in charge. Mr. George Stickney will be head guardian of the camp this week.

After the car loads of boys had been safely landed at Mercedosia, the girls of the Yoasovi and Aokya camp fires, took their places and made the return trip to Jacksonville.

The summer season is yet young but everyone must surely realize by this time, what a wonderful thing this Rotary club boys and girls cottages is going to be for the young people of this community. It means real home-set-to-goodness outings, not only this summer, but every summer.

BACCALAUREATE OF ILLINOIS COLLEGE
Was Preached at State Street Church Sunday Morning by the Rev. David Hugh Jones. Class Day Exercises Monday Morning.

The closing exercises of the year of Illinois college were well begun at State Street church Sunday morning. At the appointed hour a goodly array of faculty, trustees, alumni and former students appeared to march into the church and take allotted seats. Capt. W. A. Kirby of the class of 1860 was the nestor of the alumni with Ensign Moore and S. W. Nichols of the class of 1868 coming next. The music for the occasion was of a superior character. The college choruses sang an anthem entitled "Gladstone Light" and Prof. Quast rendered in a finished manner a solo entitled "Through the Temple To God." Rev. W. H. Marbach offered the invocation and President Rammelkamp read the scripture lesson and presided. Rev. Thomas Smith, D. D., pastor of Westminster church, offered the opening prayer and then Dr. Rammelkamp introduced the speaker of the day, Rev. David Hugh Jones of Evanston who delivered an earnest and forceful sermon on the theme, "The Environment of Man." He took for his text the words which told of Abram's settlement in his new abode to which his Maker had called him and said in brief:

There are three elements which enter largely into the making of a man.

Hereditry.
Breeding.
Environment.

Some claim that hereditry is the greatest; that "blood will tell." Others claim that breeding is most important; that all follow some standards set up for them to follow. "Train up a child in the way, he should go and when he is old he will not depart from it" no matter what that training may be.

Others again say that environment is most important. Certain trees will only thrive in certain localities. Birds all depend on migration; the dominant races are found above certain parallels of latitude; all are made for their own place, birds for the air, fish for the water, the giraffe with his long neck to feed from the trees and so on all through nature.

Conditions Change People
Everything adapts itself to its conditions. Some finely bred pigeons were taken to a desert island and lost their beautiful luster and grace. A colony of Jews settled in a lonely, sequestered place and became almost savages in time.

So in the home, the convent, and elsewhere the occupants manifest forcibly the results of environment. So in politics; men have risen according to their environment. Had we been reared in the south before the civil war we should have doubtless tried to find a justification for slavery and secession in Germany we should have tried to justify the atrocities of the Huns; if among the ruins of the cities we should have been like the denizens of those regions.

Years ago some in the east came west to build up communities for good and we have the result. Not everyone can afford to pitch his tent toward Sodom. For each Joseph in Egypt we have a thousand Judases. The faithful quartet in Baylon are seldom equalled when evil is done the world holds the evil doer responsible. When a boy flunks in college it may result in a merchant going crooked, a broker defaulting or a woman in the divorce courts. The human will is a mighty factor.

Abraham began a new life among barbarians; Luther kindled the fires which lighted the way from moral darkness to light; Florence Nightingale was an angel of mercy to soldiers; General Booth blazed the way to righteousness for thousands of sin sick souls.

Every Evil Has Antidote.
Every form of life has its enemies and every evil an antidote. Political life failed to tempt Wamamaker. The stage didn't ruin Joe Jefferson. Henry Irving claimed and deserves the respect of mankind. Not all men are ruined by environment yet how small the percentage of those who withstand temptation. The tragic failures in life are numerous and sad. The great center of civilization teem with the downfalls of the weak.

If we will we may keep ourselves pure in evil environments; I am the master of my fate. I do not have to see the bad play nor enter into evil companionship. The weak ones follow the crowd. As you sow so you will reap. Man is not clay on the wheel of chance. God made him to have dominion over himself and the world if he will. It is his, through the help of his Creator to be more than conqueror. Be not a creature but a creator and you will raise above any environment and mingle with those who have come off more than conquerors through Him who loved them.

Class Day
Gathered under the trees on the college campus Monday morning the seniors had their class day exercises which were replete with wit and humor and good nature, fun and jokes. Prof. Lacey, class officer, presided and announced the numbers. He remarked that there had been a discussion regarding the existence of the poet Homer but he had come to light and would prove it whereupon Homer Thompson proceeded to read the class poem which was a humorous production embodying the names of each member of the

class accompanied with some good natured pleasantry.

John M. Badger gave the class prophecy giving in imagination the career which awaits each graduate which caused many smiles and much favorable comment.

In a witty production Miss Hazel McCormick read the will of the class stating what valuable assets were handed down to the juniors so soon to be exalted to the ponderous and all important position of seniors and surely if the legates receive and make good use of the many things given them they will be rich indeed.

Miss Eloise Capps then favored the audience with a violin solo admirably rendered with Miss Ella McCurley accompanying. The young lady evinced rare ability with the difficult instrument she handled and gracefully responded to an encore demanded by the audience.

Mr. Evans then presented several members of the class with a gift, each presentation preceded with a rhyme showed wit and poetic ability to a good degree. The number created a great deal of amusement as each member of the class took the gift tendered, the several articles being suited to the character, peculiarities and needs of the recipients.

This ended the exercises and many remained a time for a social hour with the young graduates.

TENANT HOUSE ON DARLEY FARM BURNED
Lightning Causes Fire Which Totally Destroyed Farm House Friday Evening—Other News From Durbin Neighborhood.

Lightning struck the tenant house on the Darley farm Friday night and burned it to the ground.

William Hayes and family were awakened in time to save most of their furniture but were unable to control the fire. Insurance was carried on the building in the Farmers' Mutual Co., and immediate and complete settlement was made by the company for the loss. After harvest, Mr. Darley plans to erect another house on the premises.

Children's day exercises at Durbin Sunday school were splendid and were enjoyed by a large audience.

Providence plans to hold their Children's exercises next Sunday night.

Mr. and Mrs. Charles Robinson and daughter, Irene; Mr. and Mrs. Kilo Lewis, Mr. and Mrs. John Lewis and three daughters, all of Jacksonville, and Mrs. James Winters, son, Ralph, and daughter, Marie, of Newaska, were Sunday guests of Mr. and Mrs. Fred Lewis.

Mr. and Mrs. George Swain and Mr. and Mrs. Thompson of Jacksonville spent Sunday at the home of Mr. and Mrs. William Davies.

Mrs. Harrison, Mrs. Davies, mother, is ill at the Davies home.

Mr. and Mrs. Samuel Darley have gone to Champaign to attend commencement exercises. Their son, Dawson graduates there at this time.

The Ladies Aid meeting has been postponed and will be held on Wednesday, the 22nd, with Mrs. Anna Oxley.

Mrs. J. W. Scott, daughter, Helen and son Howard, motored to East St. Louis last week and will spend a couple of weeks with relatives there.

Clyde and Cecil Oxley each have new Ford cars.

DOINGS AT GRACE CHURCH
The Children's Day program will be given next Sunday morning at the preaching hour. The regular educational offering will be taken at this time. A place in the program will be provided for those wishing their children baptised. The children of the Beginners and Primary Departments are asked to assemble at ten o'clock instead of the regular hour. The other departments will have school as usual.

In spite of the intense heat there were 276 in attendance at Sunday school and the offering amounted to \$11.72.

Miss Fowler gave a very interesting exposition of the work of the local Social Service league at the morning preaching hour.

The week's activities are as follows:

Monday evening the Opportunity Circle will serve a picnic supper at the church at 6:15.

The Pastor's Aid Society will meet Tuesday afternoon at three o'clock at the church.

The Woman's Foreign Missionary society will hold an open meeting Thursday evening at the home of Mrs. J. F. Berry, 1206 West College avenue.

A special program is being arranged. The Junior Missionary Society will meet Friday afternoon at four o'clock with Dorothy Jackson, on South East street.

ATTENDED INITIATION AND BANQUET

The Daughters of Isabella held an initiation Sunday afternoon at the Odd Fellows Temple at Carrollton. Forty new members were initiated into the Court. At eleven o'clock an elegant banquet prepared by the Knights of Columbus was served to the new members and all members of the Carrollton Court. This repast was entirely the work of the men and much credit is due them for their services.

Among the speakers of the evening were Judge Norman L. Jones, who spoke on Queen Isabella from whom the society found her name, Father O'Malley and Father Enright of Calhoun county. Father Costelloe of Greenfield and Father Shehey of Carrollton also made addresses. Several musical numbers and other speakers composed the remainder of the program, and the affair was one much enjoyed and long to be remembered. Miss Vaughn, vice regent of the order, acted as toastmistress.

Miss Rose Wagner of this city was initiated into the Order. Misses Reza Walsh, Theresa Longergan and Lena Mollenbrok attended the initiation.

BASE BALL PLAYER SUFFERS INJURY

Richard Ruble, the popular third baseman on the Indes nine yesterday suffered a painful injury to his right hand. He was helping a friend lift an ice cream freezer on to a truck and in so doing got the second finger of his right hand caught beneath the freezer. The result was that the end of his finger was almost severed and the nail badly cut. Ruble will be laid up for some time as far as baseball is concerned and the fans as well as his fellow players will miss his appearance in the games.

INOIS ALUMNI MIXED IN CALENDAR

Announcement of Whipple Commencement Dismisses Former Program—Many Missed Class Exercises Which Used to Come on Tuesday.

Tradition and Custom are powerful forces all right," remarked an alumnus of Illinois College yesterday afternoon when he found out that he had arrived late for the Class Day exercises which used always to be held on Tuesday morning and which this year were held Monday morning. And then he tried to figure out what was the matter with the college commencement calendar. Tuesday morning was blank. There was something wrong and he was not alone with a problem. Not till one of the freshmen came along did the alumni realize that the thing mis-

ing from the calendar was the Whipple commencement. Whipple Academy takes its name from its founder, S. L. Whipple, who, in 1869, gave \$10,000 to establish it. The building first used by the trustees for academic purposes, is the one now occupied by the Brown business college at the corner of Kosciuszko and Morgan streets. Later the academy was moved into the Whipple building on the college campus.

The Academy was conducted for a number of years as a preparatory department for Illinois college but it was not until 1891 that a class was graduated. From that time on the academy continued in successful operation until recent years, when the college in accordance with the policies of other colleges decided to do away with the Academy. The last Whipple class was graduated in 1920.

MEN IN POLICE SERVICE APPOINTED

Nominations Given Approval at City Council Session Monday Night—Other Business Routine in Character.

Most of the business transacted by the city council Monday night was routine in character. Mayor Crabtree, City Clerk Scott and Aldermen McGinnis, Flynn, Rowe, Williamson, Cain, Loneragan and Chapin were present.

The matter of the very bad condition of the East North street pavement which was brought to the attention of the council, was referred to the public improvement committee.

A statement made by Alderman Williamson called attention to several old buildings in the second ward which are in dangerous condition. They are to be inspected at an early date.

The ordinance providing for extension of water main on Edgmon street was adopted. On motion it was decided to prepare an ordinance for a sidewalk on the north side of Reid street and some needed sidewalk work is also to be done on Sheridan street.

Members of the police department were re-appointed on motion of Alderman Cain. Each gave bond in the sum of \$500. The appointments and the bondsmen are:

Earl Williams, patrolman; bondsmen, J. H. O'Donnell and W. W. Gilliam.

F. E. Baker, patrolman; bondsmen, R. R. Buckthorpe, J. F. Cluz.

M. N. Henderson, motorcycle patrolman; bondsmen, Joseph Estaque, Edward Hopper.

W. A. Blue, patrolman; bondsmen, Al Moore and John Easley.

John McGinnis, patrolman; bondsmen, James McGinnis and Edward Keating.

Harold W. Elliott, night captain; bondsmen, J. W. Harrigan and F. C. McDougall.

James Trahey, patrolman; bondsmen, C. F. Leach, F. J. Heintz.

F. D. Kiloran, chief of police; bondsmen, M. C. Hook, Henry Frisch, Thomas Duffner.

H. M. Casey was appointed desk sergeant, his bond to be approved. Various matters of routine business were considered before the council adjourned.

ENGAGED IN S. S. WORK

Clarence Depew is busily engaged with the state Sunday school work and has just returned from a trip in the southern part of the state in the interests of the state Sunday school convention to be held at Champaign June 21-23.

On all hands they talk of the grand success the convention was at this place last year and bid all other places do their best to match the meeting.

Mr. Depew is also for the first time working up the financial part of the enterprise and feels much encouraged over his success which means a surplus in the treasury.

At Pana he saw Walter Schrag, Dudley and Wilbur Hitt and had a pleasant time with them. At Lawrenceville he saw Rev. E. C. Lucas who was for some time pastor of the Christian church at White Hall and has begun a new work where he is now. At Du-

quoin he had a visit with Dr. Elmer C. Harris, an old time friend.

In making some points he traveled through a part of Kentucky and noted that the wheat was mostly cut and showed a good crop. In Pulaski county he went from Villa Ridge to the former home of his grandfather Depew. He also saw Rev. Joel Burgess who was in the great world war. In that county his aunt, Miss Lydia Depew, taught school for 40 years and often he was asked if he was related to her.

In Johnson county he encountered, in traveling about the country, some fearful hills rivaling the famous Ozarks of Missouri, but his guide was a fine driver and took his Ford everywhere all right. In that vicinity he saw and heard innumerable mocking birds who made the air ring with their music.

At Centralia he had the great pleasure of visiting the venerable Thomas Wright who was a brakeman on the Illinois Central railroad in 1861-4 when Mr. Depew's father was a fireman on the same train. Mr. Wright afterward rose to the dignity of conductor but retired many years ago. He was very glad to meet the son of his old time friend.

Mr. Depew says the interest in the state Sunday school convention is great everywhere he has been.

Miss Neva Cumbe of near Winchester spent Friday night with her cousin, Mrs. Joe Curtis and left on the early train Saturday for Normal where she will attend a six weeks term of school. Others who went from here were Misses Susie Windsor, Erma Lakin and Ruby Sloan.

Miss Nellie Smith returned Friday evening from Normal where she has spent the past six weeks in the University at that place.

Miss Helen Saye spent Friday and Saturday in Jacksonville having dental work done.

DEMONSTRATE WAYS TO FIGHT CHINCH BUGS

Farm Bureau Had Interesting Session Monday Afternoon on Farm of C. A. Rowe.

A demonstration as to the best manner for controlling chinch bugs was given on the C. A. Rowe farm northwest of the city Monday afternoon by County Agent Kendall.

A goodly number of farmers gathered there for this discussion, which is just now a matter of particular importance. About twenty minutes were spent in the discussion of the relative merits of road oil, creosote and gas tar in combating chinch bugs. Then circulars relative to the general subject were distributed.

Harry Hansmer, Perry Soy and C. A. Rowe all told of the experiences of other years in fighting chinch bugs. A little later the men in the company adjourned to a nearby field where the plan Mr. Rowe follows was shown. Road oil was spread from a sprinkling can with the nozzle removed, the oil being poured into a narrow trench about one inch deep, which had been smoothed off.

Mr. Kendall dug a number of post holes with a flared top to show the most advantageous way of constructing them. Such holes in the ground are made immediately back of the oil line and the chinch bugs after coming in contact with the oil fall into the pits that are prepared for them.

Mr. Kendall used the fence post digger in construction of the holes and then a tiling spade for the work of flaring the top. The men in the company found it a very practical demonstration, at this time of the year, when so many cornfields are threatened by the bugs.

OBBERMEYER FUNERAL HELD AT WINCHESTER

Impressive Funeral Services Held for Late Peter Obbermeyer Sunday Morning—Other News from Winchester.

Winchester, June 13.—Funeral services for the late Peter Obbermeyer were held at 10:45 o'clock Sunday morning from the Baptist church at Winchester. The large auditorium, gallery, and Sunday school room were filled with relatives and friends of the deceased, who thus paid a last tribute of respect to his memory. Odd Fellows to the number of 100 attended the services in a body and members of the G. A. R. were also present in a body.

The choir opened the service with a hymn, "Nearer My God to Thee." Then followed the scripture lesson and prayer by Rev. W. H. Breach, a former pastor and now of Danville. Following the singing of "Rock of Ages" by the choir, an obituary sketch was read by the minister and the choir sang, "I Love to Tell the Story."

A very impressive funeral discourse was delivered by Rev. Mr. Breach from the text: "Let me die the death of the righteous; let my last end be like his." The minister spoke with evident feeling as he had known the deceased for years and paid a high tribute to his useful life.

The service at the church closed with a solo by Rev. Mr. Breach. Burial was made in Winchester cemetery, the service at the grave being in charge of the Odd Fellows and the G. A. R. organizations. The bearers were the five sons and a son-in-law of the deceased, W. F. Obbermeyer, C. B. Obbermeyer, A. B. Obbermeyer, A. A. Obbermeyer and R. D. Obbermeyer and A. C. Smith.

There were numerous beautiful floral offerings and these were in charge of Mrs. J. A. Obbermeyer, Mrs. R. D. Obbermeyer, Mrs. Arthur Wanner, Mrs. Lawrence Goveia, Misses Jane Ellen Obbermeyer and Alice Mudd.

The songs sung at the church were all special favorites of the deceased. The night before Mr. Obbermeyer passed away these favorite hymns were played for him on the Victrola and he joined in the words of "I Love to Tell the Story."

Among those from out of town in attendance at the funeral were George Owings, Litchfield; Mrs. J. A. Obbermeyer, Indianapolis; Mr. and Mrs. Lawrence Goveia, Jacksonville; Mrs. Dwight Obbermeyer and children of Kansas City; Mrs. Arthur Wanner, Chicago; Mrs. Myrtle Obbermeyer and children of Chicago, Mr. and Mrs. Ned Greenleaf, Jacksonville.

News Notes

Miss Ella Hawk of Merritt passed thru Winchester yesterday en route to visit her sister, Mrs. S. P. Smith and family.

Miss Elizabeth Scupham returned home Saturday from Passavant hospital where she has been a patient for the past six months. Naturally Miss Scupham is very glad to be at home again after her long absence.

Former Congressman Jeanette Rankin addressed the ladies of the club at library Monday afternoon and also a good sized audience at the Methodist church Monday evening. The visitor made very interesting addresses on both occasions and was heard with pleasure by all present. An orchestra furnished music before the address in the evening.

ALEXANDER

Mr. and Mrs. Fred Neal were Springfield visitors Monday.

Mr. and Mrs. C. H. Beerup and Cloyd Douglas Beerup and Mr. and Mrs. Lester Gray returned home Sunday from Lake Matanzas, where they have spent the past two weeks in camp.

Mrs. J. W. Reif is spending a few days in Jacksonville at the home of Mrs. George LaRue.

Miss Minnie Berchold of Jacksonville spent Sunday at the home of her mother, Mrs. Theodore Berchold, in Alexander.

TUBERCULOSIS SOCIETY HELD MEETING

A meeting of the Morgan County Tuberculosis society was held Monday night with a large representation of the membership present. A report was made by Miss Loring, anti-tuberculosis nurse, and another by Dr. Josephine Milligan, as head of the clinic. Another interesting report related to the work of the open air school and was given by Miss Laura White. The society extended a vote of thanks to Miss Hammond for the excellent work done at the school during the past year.

BIRTHDAY SURPRISE
FOR ASHLAND YOUTH

Monroe Votsmier Pleasantly Surprised by Friends on Occasion of 18th Birthday

A very pleasant gathering of young people was held Friday evening, June 10, at the home of Mr. and Mrs. F. C. Votsmier near Ashland, in honor of the eighteenth birthday of their son, Monroe.

The event was in the nature of a surprise planned by his mother and sister and it was indeed a surprise as he was not aware of the plans until the guests arrived at about 8 o'clock. Music and dancing were the main features of the evening. On account of the inclement weather and muddy roads many of the invited guests could not come, but about 50 were present and a jolly good time was had by all. Refreshments were served during the evening and a large angel food cake bearing 18 candles was displayed on the table. At a late hour all departed, wishing Monroe many happy returns of the day.

Those present were the Misses Josephine Irwin and Marie Sutherland of Pleasant Plains, Lillian Hibbs, Catherine Wethington, Alma and Martha Velson, Gertrude and Margaret Sehy, Catherine and Marie Henn, Rowena Reiser, Bertha Newell and Ruth Votsmier, all of Ashland, Roy and John Sutherland of Pleasant Plains, Robert Hewitt, Leo Roth, George Barrow, Henry and George Hibbs, Frank and Thomas Sehy, Frank Gutman, Francis Newell, Carl Wethington, Arthur and Lloyd Reiser, Charles, Vincent, Arthur, Henry, Leo and Orval Votsmier and the host, Monroe Votsmier; Mr. and Mrs. Martha Wright, Mr. and Mrs. Henry Votsmier, and Mr. and Mrs. J. C. Walsh all of Ashland.

VISITORS FROM COLORADO

Miss Helen Yeaman and Miss Lucretia Yeaman of Trinidad, Colorado arrived in the city yesterday to spend commencement week as the guests of Dr. and Mrs. A. L. Adams and family. The young ladies planned to arrive last week but the floods in Colorado delayed the train service.

Mr. and Mrs. L. B. Trotter and daughter Margaret and Mrs. M. E. Davis, Miss Emma Boyce, have returned from Chambersburg where they were called by the death of Mrs. Parks. They also visited in Mt. Sterling and Versailles.

CONTRACTORS HELD
REGULAR MEETING

Reported Some Improvement in
Building Situation — Eight
Houses Under Construction
With Open Shop Plan in Force.

Members of the Associated Building Contractors held a regular meeting Monday night with a large representation present. Reports were made to show that the efforts of the contractors to reduce the cost of building as to both wages and materials had brought some good effects. Practically all of the members reported some men working and it was stated that eight houses in Jacksonville or vicinity are in the course of construction.

It was stated that a number of the union men have gone to work at the reduced wage. It was the claim of some of the contractors that one reason the wage reduction has not been sanctioned by the unions up to the present time was because so many members of the various locals belonging to the unions are now acting as contractors and opposed to reductions. This situation, they said, keeps the journeyman from having his say in the situation.

Several of the associated contractors are now operating on the open shop plan. They stated that this was working out satisfactorily as they were thus able to pay the capable, hard-working mechanic in accordance with the work done, and that the less capable workmen are drawing a less wage, the situation resulting to the benefit of the customer.

The eight houses mentioned above are being built by contractors who are using the open shop plan.

Another report stated that several traveling mechanics have gone to work in the city at the reduced wages but that two have been compelled to leave on account of violence.

The secretary reported that all the contractors who originally joined in the association are still active members and they are as follows:

General contractors, carpenters—Vasconcellos & Sons, S. G. Chumley, John Wolke, William Stull, William Farrington, A. L. Black & Co.

Plumbers—C. C. Schureman, C. E. Cannon, Jacksonville Plumbing & Heating Co., E. E. Beasly, Charles Minter.

Tinners—Brady Bros., W. R. Shaw, W. B. Rogers, J. F. Brennan.

Painters—W. G. Benson, Dickason Decorating Co., J. J. Malen, S. L. Biggs.

Brickmasons—E. E. Wells, W. D. Robinson.

Cement contractors—Otis Hoffman, Fernandes & Son, L. Cowdin, J. W. Baptist.

Stone contractors—J. M. Vasconcellos.

Electricians—Haas Electric Co., J. M. Doyle, G. A. Sieber, J. C. Walsh & Co.

RED LETTER DAY
AT BETHEL CHURCH

Interesting Meeting Marked Close
of Campaign to Pay Off Debt—
More Than \$2,000 Reported—
Names of Prize Winners.

Sunday was truly a red letter day in the history of Bethel A. M. E. church of this city as it witnessed the culmination of the grand effort to raise the means to liquidate the debt which has burdened the church for some time. Truly the worthy pastor, Rev. R. H. Hackley has labored indefatigably and successfully with the charge assigned him by the last conference and it is needless to add that his services were sorely needed. He seems to have a united church and people to work with him and it is indeed marvelous that they did so well as it speaks volumes for the good man at the head of the enterprise and the people who have wrought with him.

Success was made an object as four barrels of flour were the prizes respectively, one each to the highest and next to down in money returns.

A stirring service was conducted in the morning followed by a generous collection and then the people adjourned to a basket dinner spread in the shade of some trees in a yard of a neighbor on West street.

The good things provided were abundant and much enjoyed by everyone and all were in the best of spirits.

A union service was held in the afternoon when Dr. Snowden, pastor of Mt. Mary Baptist church delivered a fine discourse. The financial results were duly announced and the sum exceeds any amount raised before at one time in the history of the church. It was \$1978 with good pledges which will swell the grand total to more than \$2,000 and shows that all, from pastor to children labored faithfully as people can when they have courage and inspiration with faith in their leader.

The pastor wishes to thank all who aided in the enterprise and especially wishes to mention the business men of the town who did so generously for the good cause.

Results of Campaign

The whole force was arranged in a conference with John Easley, bishop. The following were the divisions and results:

John Easley, bishop, \$209.50.

Vudor
Ventilating
Porch Shades

Vudor Invention and Patents

To get real, continuous, every-day, all Summer long pleasure from your porch, it must be protected from the sun. This is evident to all of us—but simply protection from the sun does not make your porch habitable—far from it. You must have the ventilation. The hot air must be removed from the top of the porch.

The New Patented
Vudor Ventilating Shade

permits the hot air to escape from the top of the porch through a wide open VENTILATOR woven in the shade itself at the extreme top, where the sun cannot shine in upon you. This Vudor woven-in-the-shade Ventilator automatically clears the porch of impure hot air and permits a continuous, gentle circulation of air without drafts.

The New Vudor Self Hanging Device

enables you to hang a shade in five minutes—not a screw used. The old way of attaching a shade to the porch with screws took twenty minutes or more. With the new Self-Hanging way you can unhook the shade in the fall if you wish—and rehang it in the spring in less than two minutes and this doubles the life of the shade.

Let us demonstrate the new VUDORS for you.

BEARDSTOWN PROVES EASY FOR INDEES

Take Slow Game By Score of 11 to 3—Locals Should Have Made Twice as Many, But for Poor Base Running.

The Indians found an easy victim in the Beardstown Grays at South Side Park Sunday afternoon. The final score was 11 to 3 in favor of the locals.

Beardstown did not have much of a team. Bradbury, who two years ago was a pitcher of class, was on the mound. Yesterday he didn't have a thing and was so fat that one would have thought he was getting ready for a fat man's race or a fat stock show.

The remainder of the Beardstown team were not much better than Bradbury. The visitors made four double plays during the afternoon due to poor base running on the part of the Indians. Had it not been for this bad work on the sacks the locals would have scored several more runs.

The Indians played a good game of ball. Cap Denny made a beautiful stop of Harmon's grounder in the fourth and threw his man out at first. Ferreira also did some excellent work in the field, closing the game with a fine running catch of Murray's fly in left field. He also got three hits and a pass in four times up and ran the bases well. Cox grabbed some had ones at first saving the infielders several errors.

Morrow was on the rubber for Jacksonville. It was the first game he had ever pitched but he showed a lot of stuff and held Beardstown to three hits. His greatest weakness was holding runners on the bags. However, he should improve in this regard. Morrow also hit well getting three bingles in four times up.

How the Run Weave Made. A pass to Denny and two sacrifices gave the Indians one in the first. Singles by Morrow and Ruble, a base on balls to Denny, a passed ball and a stolen base gave three in the third.

Christopher's single and steal of second, Ferreira's double, an error, a stolen base and Wheeler's single brought over three runs in the fourth.

In the fifth Wright started to pitch and walked three men in a row. This coupled with a wild pitch, an error and Morrow's single counted three more runs. The last one came in the seventh on singles by Clark and Ferreira and a muffed fly.

Beardstown's three runs were made in the sixth, on a pass, a balk, a hit batsman and a double by Peterson. The score: Beardstown AB. R. H. O. A. E. BABE RUTH IS AHEAD OF SCHEDULE

NEW YORK, June 13.—Babe Ruth made two home runs in today's game with Detroit, bringing his season's total to 21. His first homer was made in the third with none on bases and his second in the seventh with one on. Ruth also pitched five innings for the Yankees, taking the mound for the first time this year.

Ruth received credit for the New York victory, as the Yankees retained the lead they held when he was relieved by Mays. Despite unsteadiness in issuing seven bases on balls, he was not relieved until the fifth.

Ruth sent his second home run today into the centerfield bleachers, the first time this feat has been performed by any player. Ruth is twelve days ahead of his last season's program when he hit his twenty-first home run on June 25.

Mrs. Walter Drake of Newark, N. J., is in the city visiting the family of F. L. Sharpe of West College avenue.

DEMPSEY DOES NO TRAINING MONDAY
Is Well Satisfied With His Condition—Six Pounds Over Weight He Expects to Make for Carpenter.

Atlantic City, June 13.—The reasons for the sudden change of Jack Dempsey's training plans was explained by the champion today. He said he was so thoroughly satisfied with his condition that he considered a cessation in the training grind necessary. He did no work today. He scaled 196 pounds six pounds above the weight he hopes to make when he faces Georges Carpentier.

The most strenuous things things Dempsey did today was to stroll along the board walk. He left camp with Mike Trant, Chicago detective this morning and visited a seaplane hangar after posing for some pictures with the champion Trant went for a ride in the air but Dempsey remained on the shore.

Dempsey's damaged eye is healing nicely and probably will be able to stand a stiff blow without opening when boxing is resumed later in the week.

Manhasset, N. Y., June 13.—Starting in to real strenuous training, Georges Carpentier played a half dozen holes of golf, made a long detour thru the woods in walking back to camp and after luncheon sparred five rounds.

Journee and Gans worked fast today and Georges worked vigorously with them. His wind, he said, was good and he then went to the gymnasium for ten minutes.

Golf on the links of the North Hempstead Country club now will be part of Carpentier's daily training program. He has become a real devotee of the game.

A number of wounded soldiers who visited Georges last week were his guests at the workout today.

SEED CORN

We have had a
wonderful season at Mason City
this year for maturing seed corn
with the result that we have the
finest lot of well dried 1920 crop
of seed corn that we have ever
grown. This corn is gathered
early in the fall and placed on
drying racks where it is slowly
dried down to twelve or fourteen
per cent moisture content. This
gives corn of very high vitality.
We have been in the seed corn
business in a large way for over
thirteen years and have the lar-
gest and best equipped drying
plant in the world. Our down
town plant is in the center of Ma-
son City, right on the hard road
between Springfield and Peoria.
It is well worth a trip to Mason
City to see this corn. Price is
only \$2.50 per bushel. Write for
beautifully illustrated catalogue.

Daily Market Report

MONEY MARKET

QUIET AND EASY
NEW YORK, June 13.—The
general reaction of the last four
weeks was substantially extended
in the early and intermediate
stages of today's stock market,
but a sharp recovery occurred be-
fore the close and many specula-
tive favorites replaced losses of
1 to 5 points with actual gains of
the same amount.

Shorts figured prominently in
the morning's reversal, but their
operatives apparently were sec-
ondary to the liquidation of hold-
ers of long stocks notably steels
and equipments. Motors and
their accessories trailed at moder-
ate recessions. Sales amounted
to 1,065,000 shares.

The money market was quiet
and easy. All call loans were
made at 6 per cent, probably be-
cause of last week's large gain in
clearing house reserves. Only a
moderate inquiry for broker's
loans and commercial paper was
reported.

British, French and other im-
portant foreign exchanges were
firm. Private cables from London
referred to the British coal
strikes. Liberty bonds were
heavy with uneven tendencies in
other domestic issues.

OPEN DAY AND NIGHT
"CUPPLES"
Red Inner Tubes

Cupples Inner Tubes are LAMINATED and built after a method that is more expensive but offers the greatest protection against flaws of any kind.

They are made up from thin sheets of the finest quality of rubber which, when vulcanized together, produces a perfect air-retaining tube. This laminated construction guards against porosity, pin holes, and defects of every kind.

Cupples Inner Tubes do not leak, seep, or creep—they are considerably heavier and stronger than the ordinary inner tube. Insist upon getting Cupples. You will have less trouble and lower tire cost.

We handle Cupples tubes and tires, the tires that won't sand blister, nor separate.

Deaths

Guyton

William H. Guyton of East St. Louis died at Maplewood Sanitarium Saturday evening. The remains were removed to Reynolds mortuary and prepared for burial and were sent to St. Louis for burial.

Edwards

The death of Roy Cooper Edwards, eleven year old son of Mr. and Mrs. Greenup Edwards, residing six miles southeast of Murfreesboro, occurred at Passavant hospital at 6 o'clock Monday evening. The child had been ill but a week, having been brought to the hospital for an operation for appendicitis.

Surviving are the parents, one brother and one sister, and a half brother. Members of the family have the sympathy of their many friends in their sudden bereavement.

Funeral arrangements have not yet been completed.

Brown

Mrs. Effie Brown of St. Louis died at the New Home Sanitarium Saturday afternoon. She was the daughter of Albert and Hester Brown and was born December 18, 1879, at Fulton, Mo.

She came to this city when a small child and resided here until about sixteen years ago when she became a resident of St. Louis. She was married to Dennis Brown in 1910.

She is survived by her husband, parents and one daughter, Arlevia Brown, one step daughter and six step grandchildren and the following sisters, Mrs. Francis Moody, Mattie Johnson, St. Louis; Mrs. John Easley and Mrs. Rosa Parker of this city. The remains were removed to Reynolds's mortuary and prepared for burial.

Funeral services will be held from Bethel A. M. E. church this afternoon in charge of the Rev. R. H. Hackley and the Rev. John W. Kirk. Burial will be in Jacksonville cemetery.

CHAMBER OF COMMERCE OFFICERS ARE CHOSEN

Choice Made at Meeting of Directors Held Monday Night—Sessions Will Be Held Weekly.

At a meeting of the directors of the Chamber of Commerce held Monday evening officers were elected. The directors had supper at the Pacific cafe and then adjourned to the Cloverleaf Co. offices for their first session. The election resulted in the choice of the following by unanimous vote:

President—R. Y. Rowe.
First vice president—John W. Merrigan.

Second vice president—H. M. Capps.
Treasurer—E. A. Brennan.

Finance committee—Henry Frisch, T. A. Chapin, H. M. Capps, John S. Hackett and V. R. Riley.

It was decided that a meeting of the directors will be held Thursday of each week at 7:30 p. m. The question of headquarters was considered and several places are in view. The matter of a permanent secretary was also given attention, but there was no action with reference to either of these important matters. These things along with others, will be considered at the next regular meeting which will be on Thursday night.

The question of the chairman of the forum committee was also discussed but decision was not reached. It was, however, decided to have the first forum meeting on Tuesday night, June 21. The topic for that first session will be the extension of the water system. This subject is of current interest because of the near approach of the completion of the water plant. It has already meant applications for the laying of water mains on several streets where residents are desirous of securing this water service.

Several other matters were given somewhat informal consideration and will be brought to definite conclusion at the session next Thursday night.

ELKS WILL OBSERVE FLAG DAY TONIGHT

Exercises Appropriate to the Occasion Will Be Held in the Elks Home—Public Cordially Invited.

Jacksonville Lodge No. 682 B. P. O. E. will observe Flag day with appropriate exercises in the new home this evening. The program will start at 8 o'clock.

For a number of years Elks lodges throughout the country have observed flag day. At a recent meeting Exalted Ruler Moriarity appointed a committee consisting of Lloyd Reid, Dr. H. H. Chapman and Paul Thompson to arrange for the observance.

Musical selections appropriate to the occasion will make up a part of the program and a speaker has been secured. The public is cordially invited to attend these exercises.

AT MEREDOSIA CLUB HOUSE

The Camp Fire Girls who have been at Meredosia bay cottage returned home Monday morning after a thoroughly enjoyable week. Mrs. W. T. Wilson, Mrs. L. S. Doane and Rev. George E. Stickney were in charge of the party. Mr. Stickney remained at the camp for another week with Boy Scouts and members of the boys' club under his care. There are thirty of these lads and a full program has been planned for each day.

Franklin Scott and Roger Carter are serving as assistants for Mr. Stickney in the care of the boys.

VISITORS FROM CHICAGO

Dr. and Mrs. George E. Baxter are to arrive this morning from Chicago and will be guests at the home of Mr. and Mrs. H. H. Bancroft on Westminster street. They are coming at this time on account of Illinois college commencement exercises.

MATRIMONIAL

Weber-Darr

Herschel Weber and Miss Helen Darr, both of Rockbridge, Greene county, were united in marriage at 11 o'clock Monday morning by Justice A. B. Opperman at his office in West State street. The ceremony was witnessed by Joseph Jackson and D. J. Staley. The groom is a farmer and they will reside on a farm near Rockbridge.

CARS DERAILED

Yesterday afternoon about 2 o'clock considerable trouble was caused when three cars of the east bound Wabash local got off the track. The engine pulled past one of the switches near the South East street crossing but a lip on the switch caused the first car and two others to start down another track.

GOES TO DES MOINES

Miss Louise Hamilton returned to Des Moines, Iowa, with her sister, Mrs. George S. Lewis, who was here to attend the funeral of her father.

H. E. Glass, of Springfield, was a business caller in the city yesterday.

Social Events

Birthday Luncheon

For Mrs. Hopper.

A delightful luncheon was given yesterday noon at the Peacock Inn in honor of the birthday of Mrs. Charles Hopper. The luncheon was served at 12 o'clock in the Blue room and only a few friends of Mrs. Hopper were present.

Guest Dinner Party.

Mr. and Mrs. George Lukeman entertained a very few friends last evening at the Peacock Inn. Six o'clock dinner was served in the Blue room for six guests.

Sunday School Class

Holds Monthly Meeting.

The girls Sunday school class of State Street Presbyterian church, met for the regular monthly meeting last evening at the home of their teacher, Miss Mary E. Cloyd on South Diamond street. The girls were invited for supper and at 6 o'clock the hostess served a delicious little dinner.

After supper a business meeting was held and plans for the work of the class were discussed. A pleasant social hour filled the remainder of the evening. This class has fifteen members.

Opportunity Circle

Enjoys Picnic.

The Opportunity Circle of Grace church had a picnic supper last evening on the church lawn. Only the members were present. A fine supper was served at 6:15 after which the regular business meeting was held and a social hour enjoyed.

Osage Orange Picnic.

In accordance with the old, old custom friends, students, alumni and faculty members of "Old Illinois" gathered on the campus last evening for the annual Osage Orange picnic. Everyone took full baskets of good things to eat and the guests gathered in groups to eat supper. Classes, groups of alumni, families and friends of the college enjoyed this pleasant annual college event. Coffee was furnished by the college and ice cream was sold on the grounds.

Entertained Club Members.

Mrs. Leo Johnson entertained the member of Entre Nous club at her home on Pine street last evening. The affair was a delightful picnic supper served on the lawn at six o'clock. A social hour followed in the evening.

S. S. Class Gives Treat

to Old People.

One of the most happy events of the June season at the Old People's home, is the annual visit of the girls Sunday school class of Central Christian church of which Miss Eleanor Thompson is the teacher. The girls made this visit last night and the pleasure they brought with them was much appreciated by the old people at the home.

The girls gave a very entertaining program of readings, stunts and music. After the program ice cream and cake was served by the girls of the class.

Senior Class Stages

Annual Prom.

The Senior Class of Illinois college gave their annual prom last night at the armory, with about one hundred couples in attendance.

The grand march began at 9 o'clock and a program of twenty dances was carried out thru the evening. Dunlap's orchestra furnished excellent music.

About eleven o'clock the guests went to the Peacock Inn where a delightful little supper was served.

The prom was one of the prettiest functions of the season, in charge of the dance was a committee chairmaned by John Badger and including Elaine Thibaud and George Drennan.

GRUBER-GEBERT RITES WILL BE SAID TODAY

Ceremony Uniting Young People Will Be at Our Savior's Church This Morning.

This morning at eight o'clock in a beautiful church ceremony, Miss Barbara Gebert will become the bride of Eldon Gruber. The wedding will take place at Our Savior's church and Very Rev. F. F. Formaz will officiate at nuptial high mass.

Miss Margaret Ring will play the wedding march from Lehen-grin as the bridal party approaches the altar. During the ceremony Miss Louise Gebert, sister of the bride will sing, "Ave Marie."

The couple will be attended by Miss Helen Gebert, sister of the bride and Charles Gruber, brother of the groom.

The bride's gown is to be of white satin and she will wear a veil caught back with orange blossoms. The bride's maid will be gown in silver lace with green trimming and will wear a large picture hat.

After the ceremony a delicious wedding breakfast will be served at the home of the bride on East College street. The guests at the breakfast will be the relatives of the young couple. In the dining room where the breakfast is to be served bride's roses will be used in decoration.

The bride is the daughter of Mr. and Mrs. A. J. Gebert of 603 East College street and has lived all her life in Jacksonville. She graduated from Routt College with the class of 1916. She is a young lady of charming personality and deservedly popular among her many friends.

Mr. Gruber is the son of Mr. John Gruber of Virden, Illinois, but has made his home on Jacksonville for many years. His home has been with his grandmother, Mrs. Mary Gorman in this city. He is now with the Jacksonville Plumbing Company and is accounted a successful young business man. His friends find him of a genial and altogether likable personality.

The young couple will leave today for a short wedding trip in the north after which they will return to Jacksonville to make their home.

The high prices of leather goods for the past few years has caused many to defer buying traveling bags.

FRANK BYRNS Hat Store now offers real bargains in Hand Luggage.

LEO DOOLIN BUYS SOFT DRINK BUSINESS

A deal has just been consummated whereby Leo Doolin becomes the owner of the soft drink and billiard business conducted by James Wall at the northwest corner of the square. The new owner is to take possession Thursday of the present week.

Mr. Wall has built up a large business in both soft drinks and billiards, and the new proprietor is to add a fountain and in other ways plans to enlarge the service. He has had some years' experience in similar lines of work and will doubtless be successful in his new venture. Mr. Wall has not yet fully decided what business he will enter in the future, but will now take a vacation of several weeks.

TO ATTEND MEETING OF ORPHANAGE BOARD

A. A. Curry left yesterday for Irvington, Ill., where he will be present at the annual session of the board of trustees of the Huddleston Baptist Orphan's home, of which he is president. Later Mr. Curry will go to Alton to attend the semi-annual meeting of the board of trustees of Shurtleff college, remaining for the commencement exercises on Thursday.

The Huddleston orphanage is now caring for 100 or more children, their ages ranging from three months to twelve years. Some remodeling work has just been completed and the institution is now in excellent condition, ranking well with other like institutions in the state.

MRS. PHILLIPS DIES IN MT. PLEASANT, MICH.

Miss Mary Martin left Monday for Pawnee, Okla., to attend the funeral of her sister, Mrs. George H. Phillips, who died suddenly Sunday at Mt. Pleasant, Mich.

Mrs. Phillips had been in the northern city for several months and while she had been ill her condition had not been accounted as critical.

PROPOSES TO PUT JACKSONVILLE ON A BETTER "FOOTING"

Shoe Man Says Foot Comfort Service Will Do It

Prominent physicians claim that nine of every ten have some form of foot trouble. Large employers ascribe to this the fact that most workers "slow up" perceptibly toward the middle of the afternoon.

Our local shoe dealer, Charles Hopper, agrees that this is all very true, and proposes to demonstrate that it also is needless or, as he puts it, "worse than needless."

His authority for this is Dr. Wm. M. Scholl, the Chicago foot specialist, whose methods and appliances for relieving foot troubles and correcting the cause are in use throughout the world.

Hard pavements and other present-day conditions cause the bones forming

the arches of the foot to sag down, producing callouses, corns, tiredness, burning sensations and other discomforts.

Dr. Scholl has proved that when these bones are properly supported by appliances of moderately springy metal they gradually resume their normal position and function.

All next week there will be a special demonstration of Dr. Scholl's Foot Comfort Appliances at the Hopper's Shoe Store. This will be conducted by J. L. Read, a graduate Practipedist (foot comfort expert) whose training was received under the direction of Dr. Scholl. He wants to meet and serve every foot sufferer in Jacksonville during this demonstration.

He offers without charge to thoroughly examine the feet through the hose, locate the seat of the trouble, describe the nature of the discomfort and demonstrate the means of correcting the cause. As a result you'll likely hear most of Jacksonville "talking foot" next week.
